

AGRISPÓN®

Cotton Colombia

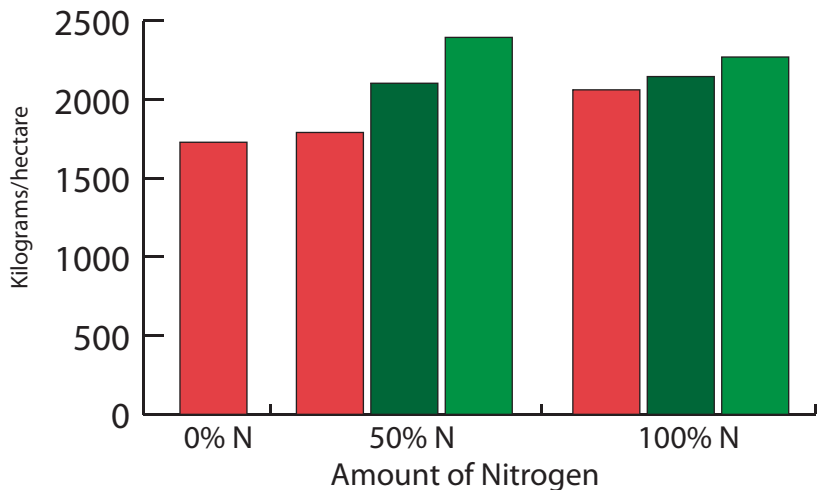

Best yield was with 50% nitrogen with Agrispón at 1.5 liters/hectare (1 gallon/7.5 acres).

50% nitrogen with Agrispón at 1 liter per hectare (1 gallon/10 acres) yielded slightly more than the 100% nitrogen alone.

2,000 kg/ha equals 1,784 pounds/acre
1 liter per hectare is equal to 1 gallon per 10 acres.

4 replicates for each treatment.
