

DAT = Days After Transplanting.

1 liter per hectare = 1 gallon to 10 acres.

Nematicide: Metil N, N-dimetil-N-((metil-carbamoil)-oxi)-1-tio-oxamimdato

A random block experimental design.

Absolute control, no Sincocin treatment, no nematicide.

Sincocin 2 lt/ha + Agrispon 1 lt/ha at 5 days after transplanting.
